Product Code: SFA 0099

SARFOOD VHVI 22 AIRLINE OIL is a food grade, non-toxic lubricant developed for pneumatic airline systems used on food, drink and pharmaceutical processing and packaging equipment. Also suitable for other compressed air systems where a clean, non-staining product is desired.

APPLICATION

SARFOOD VHVI 22 AIRLINE OIL is suitable for all types of pneumatic airline installations – for detailed application procedure follow manufacturer's instructions. Where application is made manually, it is recommended to apply **SARFOOD VHVI 22 AIRLINE OIL** daily, and re-apply just before equipment shutdown.

BENEFITS

- Low coefficient of friction provides excellent lubrication and reduces wear
- Clean and non-staining features keep rejects to a minimum
- Protects against air moisture and provides a high degree of internal corrosion protection
- Reduces residue and scum build-up extending maintenance intervals
- Overcomes difficulties associated with vane scorching

TYPICAL PROPERTIES

Appearance:	Clear Fluid
Base Fluid:	Synthetic Oil
Viscosity:	ISO Grade 22
Specific Gravity:	0.85
Operating Temperature Range:	- 20°C to +150°C

PERFORMANCE STANDARDS

- All ingredients are FDA listed
- Meets the requirements of NSF and InS H1 Guidelines
- Meets the USDA 1998 H1 Guidelines
- All grades contain no genetically-modified ingredients, and do not contain any nut oil or derivatives

HEALTH & SAFETY

This product has been manufactured to the highest standards and when used for the purpose recommended is unlikely to present any significant health hazards. A Material Safety Data Sheet is available.

Indicated data are approximate values and are subject to the usual commercial fluctuations. All information correct at time of going to press to the best of our knowledge. This information may be subject to change without notification due to continual product research and development.
