FLUSHING OIL - AUTOMOTIVE

Last Updated: 09.01.2025
Product Code: AE0009F

FLUSHING OIL - AUTOMOTIVE is formulated from specially selected solvent-refined mineral oils together with an enhanced detergent package, and is suitable for most automotive applications.

APPLICATION

Recommended for the flushing of engine crankcases and gearboxes in both passenger cars and commercial vehicles where a complete flushing operation is advised prior to refilling with fresh oil. It is recommended to allow the flushing oil to drain fully before refilling with fresh oil.

BENEFITS

- Enhanced detergent/dispersant package for excellent cleaning properties.
- Compatible for use in all synthetic, semi-synthetic and mineral oil based systems.
- Excellent versatility for use in most types of engine and gearbox applications.

PERFORMANCE PROFILE

- ISO 11.0

TYPICAL PROPERTIES

Specific Gravity @ 15.6°C	0.883
Kinematic Viscosity @ 100°C (cSt)	9.3-12.5

HEALTH & SAFETY

Please refer to the Safety Data Sheet, freely available, for product handling and disposal advice. Please note that the SDS includes handling, storage, health and disposal information which should be passed on to anyone else who comes in contact with our product. Additional advice can also be obtained from your local representative.

NOTE: Read and understand all precautions on container labels before using this product.
