INSTANT DEGREASER

Last Updated: 09.01.2025
Product Code: ID0026

INSTANT DEGREASER is a low viscosity cleaning fluid blended from non-ionic and anionic surfactants in a solvent base. Formulated with the addition of a coalescent additive for the effective removal of grease deposits and grease film from component parts in the industrial and automotive industries.

APPLICATION

Use as received – brush in well to loosen heavy deposits and then wash off with water. Dry off water and repeat if required.

BENEFITS

- Ideal for use in cleaning baths and parts washers in conjunction with a brush for degreasing automotive and engineering parts.
- Machinery and other parts may also be cleaned in situ without removing from engine mountings.
- Suitable for use with all ferrous and non-ferrous metals.
- Formulated so that low levels of application ensure optimum cost effectiveness in use.
- Fresh pine odour for enhanced operator acceptability.

TYPICAL PROPERTIES

Colour	Clear Blue Liquid
pH of Aqueous Solution	7 (10% aqueous emulsion)
Density @ 15.6°C	0.810

HEALTH & SAFETY

Please refer to the Safety Data Sheet, freely available, for product handling and disposal advice. Please note that the SDS includes handling, storage, health and disposal information which should be passed on to anyone else who comes in contact with our product. Additional advice can also be obtained from your local representative.

NOTE: Read and understand all precautions on container labels before using this product.
