Multi Lube with PTFE Aerosol

Last Updated: 09.01.2025
Product Code: ARML500

Multi Lube is a high grade lubricant containing PTFE and an effective de-watering agent. It is a non-staining, high slip lubricant suitable for all general applications, and is especially suitable for use in wet conditions (e.g. bottling plants). Also suitable for use where salt water protection is needed and can be used as a chain lube. Dries to a semi-dry state so attracting less dirt.

PACK SIZE

500ml aerosol in box of 12

HEALTH & SAFETY

Please refer to the Safety Data Sheet, freely available, for product handling and disposal advice. Please note that the SDS includes handling, storage, health and disposal information which should be passed on to anyone else who comes in contact with our product. Additional advice can also be obtained from your local representative.

NOTE: Read and understand all precautions on container labels before using this product.
