

# SARCLEAN WS 40

Last Updated: 09.01.2025  
Product Code: SOL-D40

**S|AIR** Lubricants

SARCLEAN WS 40 is a highly refined hydrocarbon solvent cleaner and degreaser. Suitable in a wide range of industrial and professional applications such as manufacturing process solvent, metalworking and coatings, and effective in removing particulate soils, greases and oils from a wide range of materials particularly ferrous and non-ferrous metals.

## **APPLICATION**

Ideal for a wide range of degreasing applications including dip tanks, ultrasonic tanks etc. Following dip tank or ultrasonic applications components should be allowed to drain to minimize drying times. Plastics and rubbers should be tested for compatibility before use. Suitable for low pressure spray or brush applications, uses also include as ingredients in both consumer and commercial applications such as coatings and metalworking solvents.

## **BENEFITS**

- Suitable for use on isolated electrical equipment.
- Low flammability, low in odour and low toxicity providing performance and acceptability in user operation.
- Multipurpose cleaners and degreasers seen as a favoured alternative to the more volatile and highly flammable alternatives.
- Low in odour.
- Colourless liquid.
- Immiscible in water.
- Four products with varying flash points depending on application.

## **TYPICAL PROPERTIES**

|                |                  |
|----------------|------------------|
| Appearance     | Clear and Bright |
| Colour         | Clear liquid     |
| Density @ 15°C | 0.76             |
| Flash Point °C | min 40           |

## **HEALTH & SAFETY**

Please refer to the Safety Data Sheet, freely available, for product handling and disposal advice. Please note that the SDS includes handling, storage, health and disposal information which should be passed on to anyone else who comes in contact with our product. Additional advice can also be obtained from your local representative.

NOTE: Read and understand all precautions on container labels before using this product.
