SARFORM AQB

Last Updated: 09.01.2025
Product Code: CM0033

SARFORM AQB is a high quality mould release agent, formulated with a unique customised blend of selected aqueous-based components and release agent additives.

APPLICATION

Use as received, application may be by either brush, roller or spray, (use appropriate respiratory protection if spraying).

Avoid excessive build-up of product, especially in tight angles.

BENEFITS

- Low viscosity, biodegradable formulation.
- Very low odour composition for enhanced operator acceptability as well as much reduced dermatitis risk.
- Produces good surface finish.
- Suitable for metal, timber and polycarbonate formworks.
- Helps suppress airborne particles in dusty atmospheres.
- Excellent separation properties.
- Ease of application.
- Blemish free products
- Modern, organic solvent-free, aqueous formulation

TYPICAL PROPERTIES
