SAROL 04 (DUSTROL)

Last Updated: 09.01.2025
Product Code: I00812

SAROL 04 (DUSTROL)is a highly refined, solvent neutral, paraffinic mineral oil.

APPLICATION

Use as received in a wide range of applications where a non-additive mineral oil is required.

When sprayed it is also suitable for use as an effective dust suppressant.

N.B.– although not inherently hazardous, the use of good industrial practice regarding personal protection to limit exposure is recommended when used for this purpose.

BENEFITS

- Excellent lubricity properties make it suitable for a wide range of uses
- The product has excellent stability over long periods of application and will not polymerize
- Capable of blending easily with additives if required
- Can be used as an excellent solvent oil

TYPICAL PROPERTIES

Colour & Appearance	Pale, clear liquid
Density @ 15.6°C	0.814-0.828
Closed Flash Point	133°C
Kinematic Viscosity @ 40°C	3.5 – 4.5 cSt
Boiling Point	>100°C

HEALTH & SAFETY

Please refer to the Safety Data Sheet, freely available, for product handling and disposal advice. Please note that the SDS includes handling, storage, health and disposal information which should be passed on to anyone else who comes in contact with our product. Additional advice can also be obtained from your local representative.

NOTE: Read and understand all precautions on container labels before using this product.
