SCREENWASH CONCENTRATE

Last Updated: 09.01.2025
Product Code: DF0069

SCREENWASH CONCENTRATE is a water soluble concentrate, formulated for all-weather use.

APPLICATION

Will offer effective results at dilution rates in water of between 15% and 50%, depending on weather conditions.

It is recommended that for full advantage to be taken of this products' capabilities, a dilution rate of between 33% and 50% is maintained – many OEM's recommend a 50% dilution rate for most modern vehicles.

In extreme winter conditions this product can be used neat, which will maintain its properties in use down to -180C.

BENEFITS

- Effectively removes grease, dirt and road film deposits from windscreen
- High-concentrate formulation makes it very cost-effective in use
- Designed to be fully capable in hard water areas
- Imparts anti-freezing properties for continued use even in wintry conditions
- Will not damage paintwork when used as directed

TYPICAL PROPERTIES

Colour	Turquoise
Density	0.946

HEALTH & SAFETY

Please refer to the Safety Data Sheet, freely available, for product handling and disposal advice. Please note that the SDS includes handling, storage, health and disposal information which should be passed on to anyone else who comes in contact with our product. Additional advice can also be obtained from your local representative.

NOTE: Read and understand all precautions on container labels before using this product.
