SUPERTEC 26 EXTRA

Last Updated: 09.01.2025
Product Code: IP0545

SUPERTEC 26 EXTRA is high quality rust preventative capable of offering excellentstorage protection of over 30 months indoor and 24 months outdoor. VOC free and formulated with a high flashpoint capability, making it suitable for application where components exhibit a high surface temperature.

APPLICATION

Use as received – apply by spray, brush or dipping in a well-ventilated area. Leaves a soft waxy film on drying, which is easily removed by normal solvent degreasing processes.

For best results apply sparingly to avoid excessive product build-up.

BENEFITS

- VOC free with a high flashpoint capability makes it suitable for use where components to be treated have a high surface temperature.
- Contains a highly-efficient dewatering agent to quickly and effectively remove moisture from treated metal surfaces.
- Compatible with both ferrous and non-ferrous metals.
- Outstanding corrosion protection properties.
- Excellent penetration qualities.
- Non-staining formulation.
- Provides exceptional long term protection of metal components when stored undercover.
- Ideal for long term protection of all metal stocks, agricultural machinery etc.

PERFORMANCE PROFILE

Indoor Protection	30 Months
Outdoor Protection Covered	24 Month
Outdoor Protection Uncovered	Not Recommended

TYPICAL PROPERTIES

Appearance	Amber/Brown fluid
Specific gravity @15°C	0.894
Flash Point (COC)	>150°C

HEALTH & SAFETY
