

SYNMAX ECO-V 0W-20 is a full synthetic, fuel efficient engine oil which combines strong detergency and anti-wear capabilities, together with additional properties to ensure additional protection for modern turbocharged direct injection petrol engines from Low Speed Pre Ignition (LSPI).

APPLICATION

Formulated primarily for use in VOLKSWAGEN AUDI GROUP (VAG) passenger cars and light commercial petrol and diesel engines requiring VW 508.00 / 509.00 specification engine oil.

Also suitable for use where oil meeting FORD M2C-956-A1 requirement is specified.

Note: as this oil is designed to meet the latest engine requirements regarding enhanced fuel economy and extended drain applications, it may not be suitable for many older engines - in case of doubt, please refer to vehicle handbook to ensure correct oil specification requirement.

BENEFITS

- Exceptional low temperature performance characteristics ensures quick circulation, even in the most demanding cold start environments.
- Enhanced stay-in-grade properties ensure low levels of volatility at high running temperatures.
- Designed to offer enhanced fuel economy and extended drain capabilities.
- Formulated with special colour and chemical marker technology to guarantee authenticity for VAG use.

PERFORMANCE PROFILE

Suitable for use where the following specifications are required;

- ACEA C5
- API SN Plus
- VW 508.00 / 509.00
- PORSCHE C20
- FORD M2C-956-A1

TYPICAL PROPERTIES

Colour	Green
Kinematic Viscosity @ 100°C	8.2
Density @ 15.6°C	0.847
TBN, mg/KOH/g	8.3
Sulphated Ash %	<0.8
Flash Point °C	>200
Pour Point °C	-48

HEALTH & SAFETY

Please refer to the Safety Data Sheet, freely available, for product handling and disposal advice. Please note that the SDS includes handling, storage, health and disposal information which should be passed on to anyone else who comes in contact with our product. Additional advice can also be obtained from your local representative.
