Product Code: AT 0068

MILKING MACHINE OIL is high quality lubricant manufactured from selected base stocks, with an excellent additive treatment package to give maximum performance and protection.

APPLICATION

Primarily for use in milking machine pumps but the versatile formulation offers enhanced performance as a general purpose lubricant where this viscosity is recommended.

BENEFITS

- Formulated to minimize corrosion of component parts
- Excellent thermal stability
- Offers enhanced anti-wear and oxidation control
- Low foaming properties

TYPICAL PROPERTIES

ISO Viscosity No: 68
Density @ 15.6°C: 0.884

HEALTH & SAFETY

This product has been manufactured to the highest standards and when used for the purpose recommended is unlikely to present any significant health hazards. A Material Safety Data Sheet is available.

Indicated data are approximate values and are subject to the usual commercial fluctuations. All information correct at time of going to press to the best of our knowledge. This information may be subject to change without notification due to continual product research and development.
